I and my fore-fathers have been enjoying this inam un-interruptedly and the temple has no enjoyment at any time. The mistake was committed in the records of rights survey made on behalf of the estate of Pithapuram. The Collector refused to grant my request without assigning any reasons in his L.Dis. No.5877 of 34 dated 9-8-34 which is herewith enclosed. This is a personal inam and not devadayam inam. Though the registry in the records of rights survey is wrong the Collector can order the change of registry in the village accounts when he is fully satisfied that it is a personal inam and that the whole extent is in my possession and enjoyment without any interruption at any time. I therefore beg to submit this appeal against the orders of the Collector for the consideration of the Board and favourable orders.

Ref.- Board's Proceedings Rout.No.3601, dated 12th July 1934.

The additional Treasury Deputy Collector posted to this district during the period of the annual inspection of the sub treasuries by the permanent Treasury Deputy Collector is likely to join on or about the 20th August 1934. Hitherto two of the office peons were deputed to work under the additional Treasury Deputy Collector with much inconvenience to the permanent Treasury Deputy Collector. The G.O. according sanction to the employment of temporary peons not exceeding two in number having been received in July 1934, long after the submission of the budget estimate, no specific provision for this expenditure was made in the budget for the current year. I therefore request that sanction may be accorded for the entertainment of two peons on Rs.12 each during the current year for a period of five weeks from about 20th August 1934 or from the date of entertainment.
